Twelve glass globes suspended from a dome canopy create a whimsical cluster that lends a feeling of airy movement to statement-making rooms. Each globe is individually lit and the length of each wire is individually adjustable, allowing you to create the perfect customized look with this playfully chic, exclusive fixture.

GOLDEN GALAXY RONRONNE CHANDELIER

Different arms in clusters of three radiate from a slightly oblong body in this dramatic chandelier. The globe glass shades are double layered, with a clear outer globe surrounding a smaller frosted inner globe. They lend a futuristic orbit effect, bringing to mind galactic star bursts and radiating satellites.
