FAQs

1. Why the earbuds fall off during exercise?

A: ① The earbuds do not have silicone ear wings. Choose neck-hanging earbuds with silicone ear wings;
② The wearing is not correctly. Follow the wearing instructions to ensure that the ear-support is pressed into the auricle;

2. Why my earbuds cannot trun on?

A: ①Please ensure that sweat does not enter the buttons to corrode the circuit board during exercise;
②Please choose earbuds with IPX5 or above, which can prevent damage of the sweat;
③Please check whether the power button is damaged;

3. Why the earbuds can't reconnect with my device?

A: ① The earbuds will be disconnected beyond 10 meters effective range. And will switch off if keep disconnected over 10 minutes;
② Put the earbuds back into the charging case and cover the lid, and take out it again, it will reconnect with your device.

4. Why one of the earbuds is not working?

A: ① The left or right wire being broken or poor contact;
②Change the music, slightly pull the sub-wire of earbuds and try again;
③If still no sound the after above operation, you need to rewire or replace the damaged part.

5. How to keep earbuds in best sound quality status?

A: ① Play music at one-third of normal volume for 12 hours (softer music);
② Play music at two-thirds of normal volume for 12 hours (any music except strong rock music);
③ Play music at normal volume for 72 hours (normal music);
④ Play music at three-fourths of normal volume for 24 hours (normal music).

6.The wireless earbuds cannot be found in Bluetooth page/Unstable connection/Disconnection during use/Sound lagging

A: ① Keep earbuds within 10 meter effective range, avoid blocking of wall;
② Make sure the earbuds have enough power, and enter pairing mode, reconnect with the device;
③ If above measures did not work, please turn off the Bluetooth and restore factory setting, reconnect again;
④ Due to the property of the earbuds, there might be electromagnetic interference to your earbuds in certain area, resulted in sound lagging or disconnection (subway WIFI traffic lights, etc.). Please stay away from electromagnetic radiation source and reconnect again .
