

## Glen 《Full product list》

|   | model   | picture   | Remark   |
|---|---|---|--|
| 1 | 1250new style   |            | Standard 48V53AH Chaowei battery, 70AH plus 500 yuan   |
|   |    |   | With shed, add 750 yuan  |
|   |   |   | Rear wheel 300mm, sweeping width 1250mm  |
|   |   |   | Main brush 490mm, travel motor 800W  |
| 2 | DP-1400Semi-closed  | D-1400<br> | Standard 70AH super battery  |
|   |    |   | 86ah plus 500, large 100ah plus 1200   |
|   |   |   | Simple sheds will be charged an additional 840 yuan, and semi-enclosed sheds will be charged an additional 1,800 yuan. |
|   |   |   | Sweeping width 1400mm, main brush 590mm<br>Walk motor 1000W  |
| 3 | 1550Semi-closed   |          | Standard 86AH Tianeng battery  |
|   |  |   | 100ah plus 720 yuan  |
|   |   |   | 150ah plus 2520 yuan, 200ah plus 4320 yuan   |
|   |   |   | The main brush width is 800mm, which can be combined with high pressure flushing + 3600 yuan                           |
| 4 | D-1800Semi-closed<br>(Grayish red)  |          | Standard Tianeng 100AH battery   |
| 5 | 2000Semi-closed   |          | Standard 48V100ah Tianeng battery  |
|   |  |   | 150ah+2040 yuan, 200ah+3840 yuan   |
|   |   |   | The main brush width is 800mm, which can be combined with high pressure flushing + 3600 yuan                           |
|   |   |   |  |
| 6 | 2000Fully enclosed  |          | Standard 48V100ah Tianeng battery  |
|   |  |   | 150ah+2040 yuan, 200ah+3840 yuan<br>The main brush width is 800mm, which can be combined with high pressure flushing + |

|   |   |   |  |
|---|---|---|--|
|   |   |   | 3600 yuan  |
| 7 |  |  | Standard 48V100ah Tianeng battery  |
|   |   |   | 150ah+1800 yuan, 200ah+3600 yuan   |
|   |   |   | Cleaning width 2100mm, HuaKong axle, Kelly controller  |
|   | D-2100S Fully enclosed  |   | Brush motor: 1000W drive motor: 2500W  |
|   | Rotomolding fully enclosed  |   | The main brush width is 800mm, which can be combined with high pressure flushing + 3600 yuan |

|                                     |   |   |   |
|-------------------------------------|---|---|---|
| 8                                   | 200 Fully enclosed  |   | Standard 48V100ah Tianeng battery                                     |
|                                     |   |   | 150ah+2040 yuan, 200ah+3840 yuan                                      |
|                                     |   |   | Main brush width 700mm high pressure flushing and drainage +3600 yuan |
| 9                                   | 2000 Fully enclosed   |  | Standard 48V100ah Tianeng battery                                     |
|                                     |   |   | 150ah+2040 yuan, 200ah+3840 yuan                                      |
|                                     |   |   | Water tank 200L, garbage tank 200L, main brush width 700mm            |
|                                     |   |  | Water tank 200L, garbage tank 200L, main brush width 700mm            |
| 10                                  | D-2100 Fully enclosed   | D-2100 Four-wheel fully enclosed  | Standard 48V100ah Tianeng battery                                     |
|                                     |  |  | 150ah+1800 yuan, 200ah+3600 yuan                                      |
|                                     |   |   | Brush motor: 1000W drive motor: 2500W                                 |
| Water tank: 200L garbage tank: 240L |   |   |   |
|                                     |   |   | High pressure flushing mist cannon, plus 3600 yuan                    |
|                                     | G-2200 Three-wheeled bucket   | G-2400 Four rounds of bucket-carrying   | Standard 48V150AH battery, 200AH plus 1800 yuan                       |

|    |  |  |   |
|----|--|--|---|
| 11 |                                     |   | Cleaning width 2100mm main brush width: 800mm*4                     |
|    |  |  | Main brush motor 1000W*2, 240 standard barrel                       |
|    |  |  | High pressure flushing mist cannon, plus 3600 yuan                  |
|    |  |  | Drive motor 3000W Kelly controller                                  |
|    |  |  | Optional air conditioning plus 3,600 yuan                           |
| 12 | <p>2100Big three wheel<br/>2100Big four wheels without buckets</p>   |   | Standard 48V100ah Tianeng battery                                   |
|    |  |  | 150ah+1800 yuan, 200ah+3600 yuan                                    |
|    |  |  | Brush motor: 1000W drive motor: 2500W                               |
|    |  |  | Water tank: 200L garbage tank: 200L                                 |
|    |  |  | Main brush width 800mm high pressure flushing fog cannon +3600 yuan |
| 13 | <p>Connecting to the 240L trash can,<br/>2400 three-wheeled trailer bucket,<br/>2400 four-wheeled trailer bucket</p> |  | Standard 48V150AH battery, 200AH plus 1800 yuan                     |
|    |  |  | Cleaning width 2100mm main brush width: 800mm*4                     |
|    |  |  | Main brush motor 1000W*2, 240 standard barrel                       |
|    |  |  | Water tank: 200L garbage tank: 240L                                 |
|    |  |  | Drive motor 3000W high pressure flushing fog cannon +3600 yuan      |

**四轮系列**

|    |   |         |   |
|----|---|---------|---|
| 14 |  | G2250TT | Standard configuration: 48V 400Ah lithium battery pack, three vacuum cleaners |
| 15 |  | G2200T  | Standard configuration: 48V 300Ah lithium battery pack, three vacuum cleaners |
| 16 |  | G2100T  | Standard configuration: 48V 200Ah maintenance-free battery, dual vacuum       |

|    |   |          |  |
|----|---|----------|--|
| 17 |  | G2100T-B | Standard configuration: 48V 150Ah maintenance-free battery, dual vacuum          |
| 18 |  | G2100    | Standard configuration: 48V 150Ah maintenance-free battery, four vacuum cleaners |

### 三轮系列

|    |   |                    |  |
|----|---|--------------------|--|
| 19 |    | S2100W             | Standard configuration: 48V 150Ah maintenance-free battery, dual vacuum            |
| 20 |    | S2100              | Standard configuration: 48V 150Ah maintenance-free battery, dual vacuum            |
| 21 |    | S2000              | Standard configuration: 48V 150Ah maintenance-free battery, dual vacuum            |
| 22 |   | S1900F 【new model】 | Standard configuration: 48V 100Ah maintenance-free battery, single vacuum cleaner  |
| 23 |  | S1900F             | Standard configuration: 48V 100Ah maintenance-free battery, single vacuum cleaner  |
| 24 |  | S1900              | Standard configuration: 48V 100Ah maintenance-free battery, single vacuum cleaner  |
| 25 |  | S1450              | Standard configuration: 48V 80Ah maintenance-free battery, single vacuum cleaner   |
| 26 |  | S1350              | Standard configuration: 48V 58Ah maintenance-free battery, single vacuum cleaner   |
| 27 |  | S1250 【new model】  | Standard configuration: 48V 45.2Ah maintenance-free battery, single vacuum cleaner |
| 28 |  | S1250              | Standard configuration: 48V 45.2Ah maintenance-free battery, single vacuum cleaner |
