Materials

Iron

Optical

Beam angle:160

Control

NO

Height adjustment

NO

Electrician

Input 220-240V,DC24V

The concept of Stick EVO Essential Table is derived from the observation that while the designer was engrossed in reading at the library, there was insufficient illumination at the periphery of the table for comfortable reading, whereas excessive brightness was present directly beneath its center. The primary objective of this product is to address and resolve this particular issue.
